cotton- Jason Warren

The Oklahoma Panhandle Research & Extension Center is located on the South end of the OPSU Farm.

On Google Maps, you can look up Panhandle State College Farm, Goodwell, OK. This will take you directly to our location.

When coming into Goodwell from Texhoma or Guymon, turn south on Monroe at the OPSU Doc Gardner Memorial Arena located on Hwy 54. Watch for the OSU Flags!

Come up to the stop sign just south of the rodeo arena and turn left. Follow the road around the curve and come all the way to the south end. Our building is tan with an orange door.
