## ★ OPREC, Goodwell

- ❖ Biofuels
- ❖ Canola
- ❖ Corn
- ❖ Crop Rotation
- ❖ Feeding Distiller's Grains
- ❖ Irrigation & Water Management
- ❖ Soil Fertility
- ❖ Sorghum
- ❖ Soybeans
- ❖ Sunflowers
- ❖ Weed Management
- ❖ Wheat

## 2011 Research Highlights

Division of Agricultural Sciences and Natural Resources  
Oklahoma Panhandle Research and Extension Center  
Oklahoma State University  
Field & Research Services Unit  
Department of Animal Science  
Department of Entomology and Plant Pathology  
Department of Plant and Soil Sciences  
Department of Biosystems and Agricultural Engineering

## **OKLAHOMA PANHANDLE RESEARCH AND EXTENSION CENTER**

The Division of Agricultural Sciences and Natural Resources (DASNR) including the Oklahoma Agricultural Experiment Station (OAES) and the Oklahoma Cooperative Extension Service (OCES) at Oklahoma State University (OSU) have a long history of working cooperatively with Oklahoma Panhandle State University (OPSU) to meet the needs of our clientele, the farmers and ranchers of the high plains region. OAES is the research arm of DASNR and continues with the mission to conduct fundamental and applied research for the purpose of developing new knowledge that will lead to technology improvements addressing the needs of the people. The OCES continues to strive to disseminate the research information generated by OAES to the public through field days, workshops, tours, and demonstrations. This has been and will continue to be a major focus of our efforts at the Oklahoma Panhandle Research and Extension Center. Together as a team we have been able to solve many significant problems related to high plains agriculture.

The OPREC is centrally operated within the Field and Research Services Unit (FRSU) of the OAES. The FRSU serves as the back bone for well over 1,000 statewide field and lab based research trials annually. Our unit consists of 18 outlying research stations including the OPREC, the Controlled Environmental Research Lab, the Ridge Road Greenhouse Phase I and Phase II, the Noble Research Center and the Stored Product Research and Extension Center. The FRSU works to provide a central focus for station operations and management with the goal to improve overall efficiency by providing a systematic means for budget management, facility upgrades, consolidation of labor pools, maintenance and repair of equipment and buildings, and other infrastructure needs.

The Oklahoma Panhandle Research and Extension Center at Goodwell is committed to serving the people of the region. Many staff continue to serve our clientele and include; Rick Kochenower Area Agronomy Research and Extension Specialist, Britt Hicks Area Livestock Extension Specialist, and Lawrence Bohl Senior Station Superintendent of OPREC. Other essential OPREC personnel include Donna George Senior Secretary, Craig Chesnut Field Foreman II, Jake Baker Agriculturalist, and several wage payroll and part-time OPSU student laborers. OSU faculty members from numerous Departments utilize OPREC to conduct research and extension efforts in the Panhandle area. Additionally, OPREC continues to serve as a “hub” for our commodity groups and agriculture industries by hosting informative agriculture related meetings annually.

The DASNR, OAES, and OCES truly appreciate the support that our clientele, farmers, ranchers, commodity groups, industry, and other agricultural groups have given us over the years. Without your support many of our achievements would not have been possible. We look forward to your continued support in the future and to meeting the needs of the research, extension, and teaching programs in the high plains region.

Jonathan Edelson  
Interim Associate Director  
Oklahoma Agricultural Experiment Station  
Division of Agricultural Sciences and Natural Resources  
Oklahoma State University

The staff at OPREC, OAES F&RSU, Department of Plant and Soil Sciences, Department of Animal Science and Department of Biosystems and Ag Engineering at Oklahoma State University would like to thank the companies and individuals listed below, for providing resources utilized in research projects. Their valuable contributions and support allow researchers to better utilize research dollars. This research is important for producers in the high plains region, not just the Oklahoma panhandle. We would ask that the next time you see these individuals and companies that you say thank you with us.

## 2012 Oklahoma Panhandle Research and Extension Center

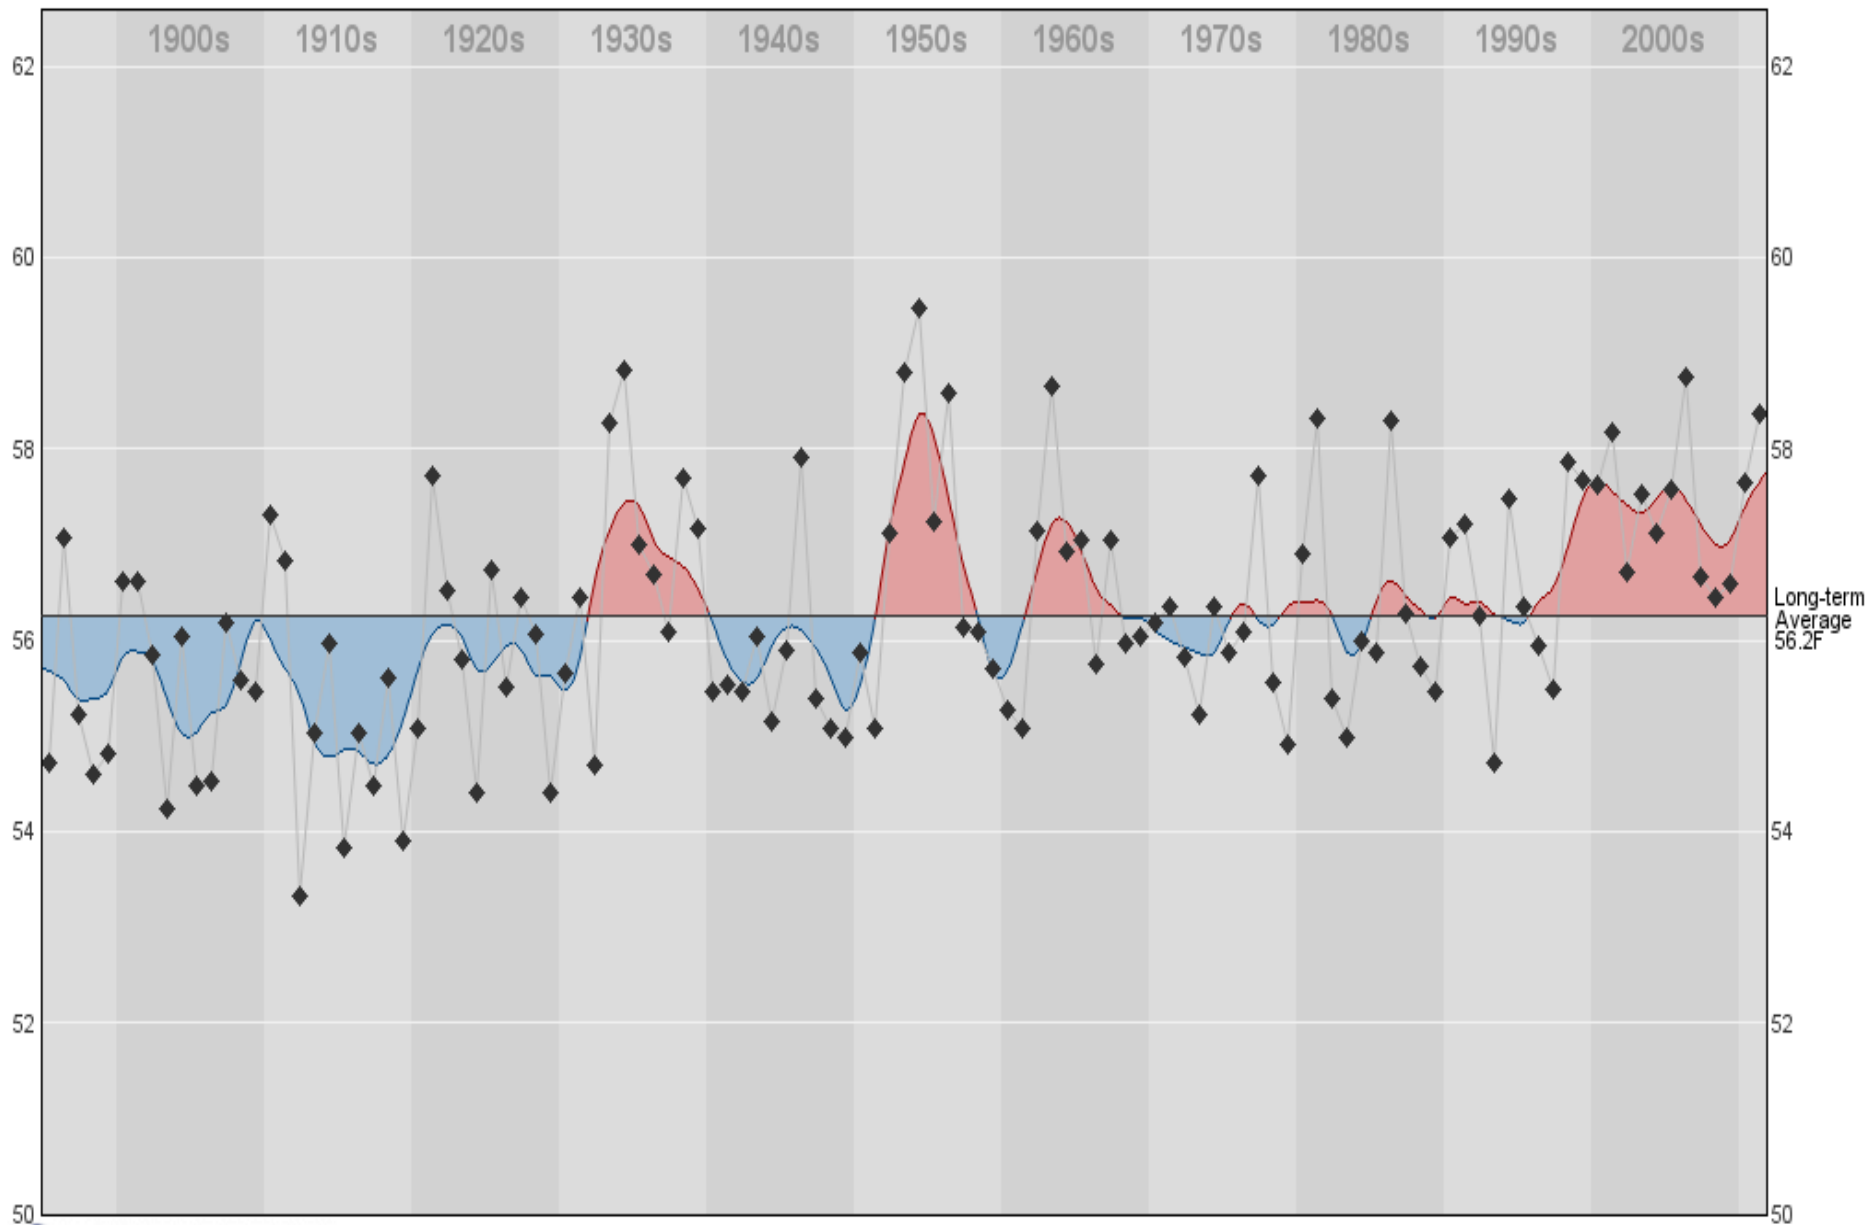

### Staff and Principal Investigators

Vacant	Director
Lawrence Bohl (580) 349-5440	Station Superintendent
Rick Kochenower (580) 349-5441	Area Research and Extension Specialist, Agronomy
Britt Hicks (580) 349-5439	Area Extension Livestock Specialist
Curtis Bensch (580) 349-1503	Adjunct Professor
Craig Chesnut	Field Foreman II
Cameron Murley	Equipment Specialist
Jake Baker	Agriculturalist
Donna George	Senior Administrative Assistant
Joe Armstrong (405) 744-9588	Assistant Professor, State Ext. Weed Scientist, Department of Plant and Soil Sciences, Oklahoma State University
Brian Arnall (405) 744-1722	Assistant Professor, State Ext. Soil Fertility Specialist, Department of Plant and Soil Sciences, Oklahoma State University
Brett Carver (405) 744-6414	Professor, Wheat Genetics, Department of Plant and Soil Sciences, Oklahoma State University
Dr. Jeff Edwards (405) 744-9617	Assistant Professor, Wheat, Department of Plant and Soil Sciences, Oklahoma State University
Dr. Chad Godsey (405) 744-3389	Assistant Professor, Cropping System Specialist, Dept. of Plant and Soil Sciences, Oklahoma State University
Gopal Kakani (405) 744-4046	Assistant Professor, Bioenergy Crop Production, Department of Plant and Soil Sciences, Oklahoma State University
Dr. Tyson Ochsner (405) 744-3627	Assistant Professor, Soil Physics, Department of Plant and Soil Sciences, Oklahoma State University
Dr. Randy Taylor (405) 744-5277	Associate Professor/Ext. Agriculture Engineering, Dept. of Biosystems & Agricultural Engineering, Oklahoma State University
Dr. Jason Warren (405) 744-1721	Assistant Professor, Soil and Water Conservation, Dept. of Plant and Soil Sciences, Oklahoma State University

## 2011 Research Highlights

### Crops

Corn Seed Spacing Uniformity as Affected by Metering System .....	1
Gallagher and Iba hard red winter wheat Release Announcement .....	5
OPREC Wheat Improvement Program Annual Report .....	7
Effect of Planting Date on Yield and Test Weight of Dry-land Wheat in the Oklahoma Panhandle.....	13
Effects of Corn Stover Harvest on Soil Quality Indicators and Irrigated Corn Yield in the Southern Great Plains .....	16
Evaluation of two Fungicides for use in Grain Sorghum.....	19
Post Emergent Grass Control in Grain sorghum.....	20
Timing of Dry-land Strip-tillage for Grain Sorghum Production in the High Plains .....	21
No-till VS Minimum-till Dry-land Crop Rotations.....	23
Dry-land No-till Cropping Intensity.....	27
Evaluating Nitrogen use Efficiency in Grain Sorghum .....	28
Evaluation of new Formulation of Lumax for use in Grain Sorghum .....	30
